Your spending diary shows that you _____ online a lot. You may think online shopping is smart since things are generally cheaper there than at a regular store. ㉠Online shopping, however, has some dangers, too. For example, ㉡when you shop online, you have to consider shipping costs. ㉢Last week you bought two toothbrushes online. Although one toothbrush cost 2,000 won, 500 won cheaper than in a store, the shipping cost for them was half the price of the two toothbrushes. ㉣So although the price of the toothbrushes was cheaper online, the total price you paid was less than the one you may pay in a store. ㉤So my advice for you is to consider the shipping costs when you shop online.
